

PLEASE READ THESE Token Sale TERMS CAREFULLY. IF YOU DO NOT AGREE TO THESE TERMS, DO NOT PURCHASE TOKENS.

Your acquisition of BeANKH-Tokens / BeANKH (“BeANKH-Tokes”) (Token Symbol „ANKH”) during the Pre-Sale and the Token Sale (as defined below) from ankhlabs GmbH, a private limited company organized and existing under the laws of Germany (the “Company,” “we,” or “us”), with is seat at Marcel-Breuer-Straße 15, 80807 Munich, Germany, registered in the Trade Register of the Local Court (“Amtsgericht”) Munich, No. HRB 239437, represented by the managing director Christian Mars und Volkan Yilmaz, is subject to these terms of sale (“Terms”). Each of you and Company is a “Party” and, together, the “Parties.”

By purchasing Tokens from us during the Pre-Sale starting 15.06.2018, 07:00 (CEST) and the Public Sale starting 15.07.2018, 0:00 (CEST), you will be bound by these Terms and any terms incorporated by reference. If you have any questions regarding these Terms, please contact us at ico@ankhlab.com.

You and Company agree as follows:

1. Commencement and Duration of Pre-Sale and Public Sale. The Company will conduct a public sale of Tokens (“Token Sale”) in 2 phases: The first phase being the Pre-Sale (the “Pre-Sale”), which will begin at 15.06.2018, 07:00 (CEST) (the “Launch Date”) and ends at 14.07.2018, 23:59 (CEST) (the “Pre Sale End Date”). The second phase being the Public Sale (the “Public Sale”), which will begin at 15.07.2018, 0:00 (CEST) and end at 14.10.2018, 23:59 (CEST) (the “Public Sale End Date”). The complete Pre Sale together with the Public Sale will have a hard cap of a maximum amount of 450,000,000 BeANKH-Tokens (incl. Bonus-Tokens).

2. Eligibility. In order to be eligible to participate in the Token Sale you must have an Ethereum wallet that supports the ERC-20 token standard in order to receive any Tokens you purchase from us. We reserve the right to prescribe additional guidance regarding specific wallet requirements.

3. Purchase and Sale of Tokens

(a) Price: Payment Currency. The price per BeANKH-Token can be paid in BTC or ETH (“Payment Currencies”).

(b) Purchase Price and Purchase Procedure. During the Pre-Sale and the Public Sale, Tokens will be available for sale with bonus tiers as specified here:

Pre-Sale	0,12 USD per BeANKH-Token; Sale of max. 130.000.000 BeANKH-Tokens
Public Sale	
Phase 1	0,12 USD per BeANKH-Token; Sale of max. 70.000.000 BeANKH-Tokens + BeANKH-Tokens not sold during the Pre-Sale
Phase 2	0,12 USD per BeANKH-Token; Sale of max. 70.000.000 BeANKH-Tokens

Phase 3	0,12 USD per BeANKH-Token; Sale of max. 70.000.000 BeANKH-Tokens
Phase 4	0,12 USD per BeANKH-Token; Sale of max. 3.000.000 BeANKH-Tokens

In addition to this, participants will receive the following bonus in BeANKH-Tokens during the Pre-Sale and the Public Sale:

Pre-Sale	50 % of the purchased BeANKH-Tokens
Public Sale	
Phase 1	25 % of he purchased BeANKH-Tokens
Phase 2	20 % of he purchased BeANKH-Tokens
Phase 3	15 % of the BeANKH-Tokens
Phase 4	0 BeANKH-Tokens

(c) Token-Burn. BeANKH-Tokens which are not being sold during the Token Sale will be destroyed.

(c) Delivery of Tokens. Tokens acquired in the Pre-Sale and the Public Sale will be delivered to your ERC-20 compatible wallet within 90 days after the Public Sale at the latest.

4. Purpose and Use of Tokens.

(a) The Purpose of purchasing the BeANKH-Tokens is to support the development and testing, deployment and operation of the BeANKH platform. The Company is planning to accept BeANKH-Tokens as a means of payment for Services available on its BeANKH platform. These Services will however be available not only in exchange for BeANKH-Tokens but also in exchange for payment in fiat money or specific other cryptographic currencies. Additional information regarding the BeANKH platform, the Services, and the Company is summarized and further described in the Whitepaper available at https://ankhlab.io/assets/documents/BeANKH_Whitepaper.pdf (the “Whitepaper”).

(b) Purchase, ownership, receipt, or possession of BeANKH-Tokens carries no rights, express or implied, other than the right to use Tokens as a means of exchange. In particular, you understand and accept that Tokens do not represent or confer any ownership right or stake, share, security, or equivalent rights, or any right to receive future revenue shares, intellectual property rights or any other form of participation in or relating to the Company or its BeANKH platform and its corporate affiliates, other than any rights specifically stated in these Terms. The Tokens are not intended to be a security or any other investment vehicle.

5. Possible Migration of Tokens.

(a) The Tokens are being created as ERC-20 tokens on the Ethereum protocol. We reserve the right to migrate the ERC-20 based Tokens (the “Pre-existing Tokens”) to another protocol and to generate replacement Tokens on the new protocol (the “Replacement Tokens”) in the future, should we determine, in our sole discretion, that doing so is necessary or useful.

(b) Should we decide to migrate the Tokens, we may no longer provide support for the Pre-existing Tokens relating to the acceptance on our BeANKH platform or any other operational matters, except with respect to the migration process. Although we do not at this time anticipate that it will require any Pre-existing Token holders to convert their Pre-existing Tokens to Replacement Tokens, we

anticipate there will be significant incentives for Pre-existing Token owners to do so, since the practical utility of Pre-existing Tokens will likely diminish rapidly once the Replacement Tokens are created and in use by a significant portion of BeANKH-users. Accordingly, by accepting these Terms you acknowledge and agree that in order for you to continue using BeANKH-Tokens or obtain utility from them you may need to convert the Tokens you purchase during the Token Sale to Replacement Tokens in the future.

6. Scope of Terms.

(a) Unless otherwise stated herein, these Terms only govern your purchase of Tokens from us during the Pre-Sale and the Public Sale.

(b) Any use of Tokens in connection with providing or receiving Services on our platform may be governed by other applicable terms and conditions and policies.

7. Cancellation: Refusal of Purchase Requests.

All purchases of Tokens from us during the Pre-Sale and the Public Sale are final, and there are no refunds or cancellations except as set forth herein or as may be required by applicable law or regulation. We reserve the right to refuse or cancel Token purchase requests at any time in our sole discretion.

8. Acknowledgment and Assumption of Risks.

You acknowledge and agree that there are risks associated with purchasing, owning, and using BeANKH-Tokens. BY PURCHASING BeANKH-TOKENS, YOU EXPRESSLY ACKNOWLEDGE AND ASSUME THAT AMONG OTHERS THE FOLLOWING RISKS WILL BE ASSOCIATED TO YOUR PURCHASE:

(a) Risk of Losing Access to Tokens Due to Loss of Private Key(s), Custodial Error or your Error. A private key, or a combination of private keys, is necessary to control and dispose of Tokens stored in your digital wallet or vault. Accordingly, loss of requisite private key(s) associated with your digital wallet or vault storing Tokens will result in loss of such Tokens. Moreover, any third party that gains access to such private key(s), including by gaining access to login credentials of a hosted wallet service you use, may be able to misappropriate your Tokens. Any errors or malfunctions caused by or otherwise related to the digital wallet or vault you choose to receive and store Tokens, including your own failure to properly maintain or use such digital wallet or vault, may also result in the loss of your Tokens. Additionally, your failure to precisely follow the procedures set forth in for buying and receiving Tokens, including, for instance, if you provide an incorrect Token Receipt Address, or provide an address that is not ERC-20 compatible, may result in the loss of your Tokens.

(b) Risks Associated with the Ethereum Protocol. Because BeANKH-Tokens are based on the Ethereum protocol, any malfunction, breakdown or abandonment of the Ethereum protocol may have a material adverse effect on the BeANKH-Tokens. Moreover, advances in cryptography, or technical advances such as the development of quantum computing, could present risks to the BeANKH-Tokens and the Ecosystem, including the utility of the BeANKH-Tokens for obtaining Services, by rendering ineffective the cryptographic consensus mechanism that underpins the Ethereum protocol.

(c) Risk of Mining Attacks. As with other decentralized cryptographic tokens based on the Ethereum protocol, the BeANKH-Tokens are susceptible to attacks by miners in the course of validating BeANKH-Token transactions on the Ethereum blockchain, including, but not limited to double-spend attacks, majority mining power attacks, and selfish-mining attacks. Any successful attacks present a risk to the BeANKH-Tokens, including, but not limited to, accurate execution and recording of transactions involving BeANKH-Tokens.

(d) Risk of Hacking and Security Weaknesses. Hackers or other malicious groups or organizations may attempt to interfere with the BeANKH-Tokens in a variety of ways, including, but not limited to, malware attacks, denial of service attacks, consensus-based attacks, Sybil attacks, smurfing and spoofing. Furthermore, because the BeANKH-Tokens are based on open-source software, there is a risk that a third party or a member of the Company team may intentionally or unintentionally introduce weaknesses into the core infrastructure of the Token protocol, which could negatively affect the BeANKH-Tokens, including the utility of the Tokens for obtaining Services.

(e) Risks Associated with Markets for Tokens. The Tokens are intended to be used solely as a means of exchange between the BeANKH-Token holders and people interested in becoming BeANKH-Token holders. The Company will not support or otherwise facilitate any secondary trading or external valuation of Tokens. This restricts the contemplated avenues for using Tokens to the provision or receipt of Services, and could therefore create illiquidity risk with respect to any BeANKH-Tokens you own. Even if secondary trading of BeANKH-Tokens is facilitated by third-party exchanges, such exchanges may be relatively new and subject to little or no regulatory oversight, making them more susceptible to fraud or manipulation. Furthermore, to the extent that third parties do ascribe an external exchange value to Tokens (e.g., as denominated in a digital or fiat currency), such value may be extremely volatile and diminish to zero.

(f) Risk of Uninsured Losses. Unlike deposits on bank accounts or accounts at some other financial institutions, BeANKH-Tokens are uninsured unless you specifically obtain private insurance to insure them. Thus, in the event of loss or loss of utility value, there is no public insurer, such as the Federal Deposit Insurance Corporation, or private insurance arranged by Company, to offer recourse to you.

(g) Risks Associated with Uncertain Regulations and Enforcement Actions. The regulatory status of the BeANKH-Tokens and distributed ledger technology is unclear or unsettled in many jurisdictions. It is difficult to predict how or whether regulatory agencies may apply existing regulation with respect to such technology and its applications, including the Ecosystem and the BeANKH-Tokens. It is likewise difficult to predict how or whether legislatures or regulatory agencies may implement changes to law and regulation affecting distributed ledger technology and its applications, including BeANKH-Tokens. Regulatory actions could negatively impact the BeANKH-Tokens in various ways, including, for purposes of illustration only, through a determination that the purchase, sale and delivery of the Tokens constitutes unlawful activity or that the Tokens are a regulated instrument that require registration or licensing of those instruments or some or all of the parties involved in the purchase, sale and delivery thereof. The Company may cease operations in a jurisdiction in the event that regulatory actions, or changes to law or regulation, make it illegal to operate in such jurisdiction, or commercially undesirable to obtain the necessary regulatory approval(s) to operate in such jurisdiction.

(h) Risks Arising from Taxation. The tax characterization of Tokens is uncertain. You must seek your own tax advice in connection with purchasing Tokens, which may result in adverse tax consequences to you, including withholding taxes, income taxes and tax reporting requirements.

(i) Risks Associated with the Development and Maintenance of the Ecosystem. The Ecosystem is still under development and may undergo significant changes over time. Although we intend for the

Tokens and Ecosystem to function as described in the white paper and intends to take commercially reasonable steps toward those ends, we may have to make changes to the specifications of the Tokens or Ecosystem for any number of legitimate reasons. Moreover, we have no control over how other participants will use the Ecosystem, what products or services will be offered through the Ecosystem by third parties, or how third-party products and services will utilize Tokens (if at all). This could create the risk that the Tokens or Ecosystem, as further developed and maintained, may not meet your expectations at the time of purchase. Furthermore, despite our good faith efforts to develop and participate in the Ecosystem, it is still possible that the Ecosystem will experience malfunctions or otherwise fail to be adequately developed or maintained, which may negatively impact the Ecosystem and Tokens, and the potential utility of the Tokens, including the utility of the Tokens for obtaining Services.

(j) Risk of an Unfavorable Fluctuation of ETH. If the value of BTC or ETH fluctuates unfavorably during or after the Token Sale, we may not be able to fund development, or may not be able to develop or maintain our BeANKH platform in the manner that it intended. In addition to the usual market forces, there are several potential events which could exacerbate the risk of unfavorable fluctuation in the value of ETH, including uncertainties created by the lack of resolution to the bitcoin scaling debate, the possibility of a so-called “Hard Fork” of bitcoin if one of the competing camps in the scaling debate decides to force the issue; another DAO-like attack on the Ethereum network; or significant security incidents or market irregularities at one or more of the major cryptocurrency exchanges.

(k) Risk of Dissolution of the Company or BeANKH platform. It is possible that, due to any number of reasons, including, but not limited to, an unfavorable fluctuation in the value of ETH, BTC (or other cryptographic and fiat currencies), decrease in the Tokens’ utility (including their utility for obtaining Services), the failure of commercial relationships, or intellectual property ownership challenges, the BeANKH platform may no longer be viable to operate or the Company may dissolve.

(l) Risks Arising from Lack of Governance Rights. Because BEANKH-Tokens confer no governance rights of any kind with respect to the BeANKH platform or the Company, all decisions with regard to the Company’s products or services or the Company itself will be made by the Company at its sole discretion, including, but not limited to, decisions to discontinue its products or services, to create and sell more BeANKH-Tokens for use in the Ecosystem, or to sell or liquidate the Company. These decisions could adversely affect the value and/or utility of any BeANKH-Tokens you own, including their utility for obtaining Services.

(m) Unanticipated Risks. Cryptographic tokens such as the BeANKH-Tokens are a new and untested technology. In addition to the risks included in **section 8** of these Terms, there are other risks associated with your purchase, possession, and use of the Tokens, including unanticipated risks. Such risks may further materialize as unanticipated variations or combinations of the risks discussed in **section 8** of these Terms.

(n) Risk of total loss. Each of the aforementioned risk can of itself or in combination with one or more of other risks cause a partial or complete loss (total loss) of the funds used for the purchase of BaANKH-Tokens. This is also valid for the aforementioned risks of **section 8 (a) to (m)**.

IMPORTANT NOTICE: Since the BeANKH-Tokens are not intended to be or sold as securities or any other form of investment product, none of the information presented in this section 8 is intended to form the basis for any investment decision, and no specific recommendations are intended. We expressly disclaim any and all responsibility for any direct or consequential loss or damage of any kind whatsoever arising directly or indirectly from: (i) reliance on any information contained in

this section 8 (ii) any error, omission or inaccuracy in any such information or (iii) any action resulting from such information.

9. Security of storage mechanism.

You are responsible for implementing reasonable measures for securing the wallet, vault, or other storage mechanism you use to receive and hold BeANKH-Tokens purchased from us, including any requisite private key(s) or other credentials necessary to access such storage mechanism(s). If your private key(s) or other access credentials are lost, you may lose access to your BeANKH-Tokens. We are not responsible for any losses, costs, or expenses relating to lost access credentials.

10. Personal Information.

We may determine, in our sole discretion, that it is necessary to obtain certain information about you in order to comply with applicable laws or regulations in connection with selling Tokens to you. You agree to provide us such information promptly upon request and acknowledge that we may refuse to sell Tokens to you until you provide such requested information and we have determined that it is permissible to sell you Tokens under applicable laws or regulations.

11. Taxes.

Any amounts that you pay for Tokens are exclusive of all applicable taxes. You are responsible for determining what, if any, taxes apply to your purchase of BeANKH-Tokens, including, for example, sales, use, value added, and similar taxes. It is also your responsibility to withhold, collect, report and remit the correct taxes to the appropriate tax authorities. We are not responsible for withholding, collecting, reporting, or remitting any sales, use, value added, or similar tax arising from your purchase of BeANKH-Tokens.

12. Representations and Warranties.

By sending payment currencies to us in order to purchase BeANKH-Tokens, you represent and warrant that:

- (a)** You have read and understood these Terms and agree with them.
- (b)** YOU ACKNOWLEDGE AND AGREE THAT THERE ARE RISKS ASSOCIATED WITH PURCHASING TOKENS, OWNING TOKENS, AND USING TOKENS INCLUDING (BUT NOT NECESSARILY LIMITED TO) THE RISKS DESCRIBED IN SECTION 8;
- (c)** You have sufficient understanding of technical, financial and business matters, cryptographic tokens, token storage mechanisms (such as token wallets), and blockchain technology to understand these Terms and to appreciate the risks and implications of purchasing BeANKH-Tokens;
- (d)** You understand the restrictions and risks associated with the creation of BeANKH-Tokens as set forth herein, and acknowledge and assume all such risks;
- (e)** You have obtained sufficient information about the BeANKH-Tokens to make an informed decision to purchase Tokens;

(f) You understand that the BeANKH-Tokens do not confer rights of any form with respect to the BeANKH platform or the Company, including, but not limited to, any ownership, distribution, redemption, liquidation, proprietary (including all forms of intellectual property), or other financial or legal rights, except as stated in these Terms;

(g) You are purchasing BeANKH-Tokens solely for the purpose of supporting the development, testing, deployment and operation of the BeANKH platform, being aware of the commercial risks associated with the Company and the BeANKH platform. You are not purchasing BeANKH-Tokens for any other purposes, including, but not limited to, any investment, speculative or financial purpose;

(h) Your purchase of BeANKH-Tokens complies with applicable laws and regulations in your jurisdiction, including, but not limited to, (i) legal capacity and any other threshold requirements in your jurisdiction for the purchase of the BeANKH-Tokens and entering into contracts with the Company, (ii) any foreign exchange or regulatory restrictions applicable to such purchase, and (iii) any governmental or other consents that may need to be obtained;

(i) You will comply with any applicable tax obligations in your jurisdiction arising from your purchase of BeANKH-Tokens;

(j) If you are purchasing BeANKH-Tokens on behalf of any entity, you are authorized to accept these Terms on such entity's behalf and that such entity will be responsible for breach of these Terms by you or any other employee or agent of such entity (references to "you" in these Terms refer to you and such entity, jointly);

(k) You are neither a citizen or permanent resident of the Peoples Republic of China..

(l) You are neither a U.S. citizen or permanent resident of the United States, nor do you have a primary residence or domicile in the United States, including Puerto Rico, the U.S. Virgin Islands, and any other possession of the United States. In order to purchase the BeANKH-Tokens and by buying the BeANKH-Tokens you covenant, represent, and warrant that none of the owners of the Company, of which you are an authorized officer, are U.S. citizen or permanent resident of the United States, nor do you have a primary residence or domicile in the United States, including Puerto Rico, the U.S. Virgin Islands, and any other possession of the United States. Should this change at any time, you shall immediately notify the Company.

(m) You are not (i) a citizen or resident of a geographic area in which access to or use of the Services or the acceptance of delivery of the BeANKH-Tokens is prohibited by applicable law, decree, regulation, treaty, or administrative act, (ii) a citizen or resident of, or located in, a geographic area that is subject to U.S. or other sovereign country sanctions or embargoes, or (iii) an individual, or an individual employed by or associated with an entity, identified on the U.S. Department of Commerce's Denied Persons or Entity List, the U.S. Department of Treasury's Specially Designated Nationals or Blocked Persons Lists, or the U.S. Department of State's Debarred Parties List. You agree that if your country of residence or other circumstances change such that the above representations are no longer accurate, that you will immediately cease using the Services. If you are registering to use the Services on behalf of a legal entity, you further represent and warrant that (i) such legal entity is duly organized and validly existing under the applicable laws of the jurisdiction of its organization, and (ii) you are duly authorized by such legal entity to act on its behalf;

13. Limitation of Liability.

(a) TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW (I) IN NO EVENT WILL THE COMPANY OR ANY OF THE COMPANY PARTIES BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES OF ANY KIND (INCLUDING, BUT NOT LIMITED TO, WHERE RELATED TO LOSS OF REVENUE, INCOME OR PROFITS, LOSS OF USE OR DATA, OR DAMAGES FOR BUSINESS INTERRUPTION) ARISING OUT OF OR IN ANY WAY RELATED TO THE SALE OR USE OF THE BeANKH-TOKENS OR OTHERWISE RELATED TO THESE TERMS, REGARDLESS OF THE FORM OF ACTION, WHETHER BASED IN CONTRACT, TORT (INCLUDING, BUT NOT LIMITED TO, SIMPLE NEGLIGENCE, WHETHER ACTIVE, PASSIVE OR IMPUTED), OR ANY OTHER LEGAL OR EQUITABLE THEORY (EVEN IF THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF WHETHER SUCH DAMAGES WERE FORESEEABLE), AND (II) IN NO EVENT WILL THE AGGREGATE LIABILITY OF THE COMPANY AND THE COMPANY PARTIES (JOINTLY), WHETHER IN CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE, WHETHER ACTIVE, PASSIVE OR IMPUTED), OR OTHER THEORY, ARISING OUT OF OR RELATING TO THESE TERMS OR THE USE OF OR INABILITY TO USE THE TOKENS, EXCEED THE AMOUNT YOU PAY TO US FOR THE TOKENS.

(b) THE LIMITATIONS SET FORTH IN THESE TERMS, IN PARTICULAR, IN SECTION 13(a) WILL NOT LIMIT OR EXCLUDE THE LIABILITY FOR THE GROSS NEGLIGENCE, FRAUD OR INTENTIONAL, WILLFUL OR RECKLESS MISCONDUCT OF THE COMPANY OR ITS REPRESENTATIVES, NOR THE LIABILITY FOR DAMAGE FROM INJURY TO LIFE, BODY OR HEALTH BY INTENTION OR NEGLIGENCE OF THE COMPANY OR ITS REPRESENTATIVES.

14. Governing Law and Venue.

(a) These Terms will be governed by and construed and enforced in accordance with the laws of the Federal Republic of Germany ("Germany") under exclusion of the UN Convention on the International Sale of Goods (CISG), without regard to conflict of law rules or principles (whether of Germany or any other jurisdiction) that would cause the application of the laws of any other jurisdiction.

(b) If the Customer is a corporation, limited liability company or commercial partnership or otherwise operates a commercial business (Kaufmann within the meaning of Sec. 1 (1) of the German Commercial Code) or is a legal entity or special fund organized under public law, the courts in München, Germany shall have exclusive jurisdiction in respect of all disputes arising out of or in connection with the relevant contract. In all other cases, we or the Customer may file suit before any court of competent jurisdiction under applicable law.

15. Severability.

If any term, clause or provision of these Terms is held unlawful, void or unenforceable, then that term, clause or provision will be severable from these Terms and will not affect the validity or enforceability of any remaining part of that term, clause or provision, or any other term, clause or provision of these Terms. In the case of a clause not being valid or in the case that a regulation has not been included therein, this gap shall be replaced by a valid clause that the Parties would have been agreed upon if they would have known the gap.

16. Miscellaneous.

These Terms constitute the entire agreement between you and us relating to your purchase of BeANKH-Tokens from us. We may assign our rights and obligations under these Terms. Our failure to exercise or enforce any right or provision of these Terms will not operate as a waiver of such right or provision. We will not be liable for any delay or failure to perform any obligation under these Terms where the delay or failure results from any cause beyond our reasonable control. Purchasing BeANKH-Tokens from us does not create any form of partnership, joint venture, or any other similar relationship between you and us. Except as otherwise provided in herein, these Terms are intended solely for the benefit of you and us and are not intended to confer third-party beneficiary rights upon any other person or entity. You agree and acknowledge that all agreements, notices, disclosures, and other communications that we provide to you, including these Terms, will be provided in electronic form.

Explanation about right of revocation

Right of revocation

You have got the right to revoke this agreement within fourteen days without giving reasons.

The time period for making the revocation is fourteen days starting at the day when you or any agent acting on your behalf (excluding the transporter) gain / gains possession over the goods.

In order to make use of your right of revocation you must inform us (ankhlabs GmbH, Marcel-Breuer-Straße 15, 80807 München, Germany, phone number +49 (0)89 590814-62, e-mail: ico@ankhlabs.com) with unambiguous statement (e.g. via letter or e-mail) of your decision to revoke the agreement. You may but are not obliged to make use of the form attached.

In order to comply with the time-limit it is sufficient to file the statement about the exertion of the right of revocation before the end of the time-limit.

Consequences of the revocation

If you revoke the contract, we must refund all payments we received by you, including delivery costs (excluding all additional costs deriving from you decision to choose a different way of delivery than the cheapest standard delivery offered by us) without undue delay within fourteen days calculated from the day we received your statement about the exertion of the right of revocation. In order to make the payment we are going to use the same means of payment as the one used by you for the first transaction except agreed with you otherwise; in no case you will be charged any fees due to the repayment. We have the right to hold back the payment until the earlier of (i) having received the goods or (ii) until you have proved having made the delivery.

You are obliged to make the return or handing over of the goods without undue delay and within fourteen days calculated from the day you informed us about the revocation. Compliance with the time-limit is given if you send the goods before the end of the time-limit of fourteen days. We are going to bear all costs of the return.

You are only obliged to refund a decline in value of the goods if it derives from a treatment not necessary to control the state, the quality or functionality of the goods.

Pattern of revocation form

(If you want to revoke the agreement please fill out the following form and send it back.)

- To ankhlabs GmbH, Marcel-Breuer-Straße 15, 80807 München, Germany, e-mail: ico@ankhlabs.com:
- I/We (*) herewith revoke the agreement concluded by me/us (*) about the purchase of the following goods (*)/the following services (*)
- Ordered on the (*)/received on the (*)
- Name of consumer
- Consumer's address
- Consumer's signature (only when submitted in paper form)
- Date

(*) please delete if not applicable.
